| - Please look at representation on the Steering Committee. To what extent is steering driven by local, regional and state players? | The Steering Committee includes representatives from state agencies, the business community, advocates and communities. | - We need to look for ways to leverage and reallocate existing funds/resource and not only look for or expect additional funds which may not be available. | Agree |
| - We need to establish a “vehicle” for all tribes to have the opportunity to have meaningful input per our discussion. | Agree efforts are underway to increase tribal input, including adding early childhood to the consultation agenda. | - Acknowledge and incorporate infant and early childhood mental health competency and endorsement system. | Under development. |
